

## AUTHOR INDEX

- Barrow, Roscoe L., 153  
Breazeale, Edward L., 86
- Connor, John T., 179
- Daubert, B. F., 36  
Depew, Franklin M., 9
- Fabing, Howard D., 153  
Feingold, Victor, 115  
Ferguson, Ira Lunan, 92
- Gordon, Morris G., 206
- Henenfeld, Milton, 62
- Joyce, Joseph B., 67
- Leach, W. Barton, 163  
Loehner, Conrad A., 132, 266
- Martin, Eric W., 193  
Miskel, John J., 1
- Neumeyer, Fredrik, 233, 243
- Palfrey, John G., 218  
Pogge, Raymond C., 104
- Remsen, Douglas B., 57
- Sherman, Harry Alan, 185  
Smith, Austin, 52  
Snell, Foster D., 2
- Talbott, G. Douglas, 284
- Waldo, W. H., 44  
Whale, Arthur R., 77  
White-Stevens, Robert, 17  
Willig, Sidney H., 172

## SUBJECT INDEX

- Atomic energy, law and science in, 218  
Automation, 115  
    federal government and, 124  
    industry and, 123  
    labor and, 120
- Blood testing for intoxication, 86
- Carson, Rachel, 2
- Computers  
    medical use, in treatment of coronary patients, 284  
    use in a pesticide data storage and retrieval system, 44  
    use in drug reaction reporting, 193
- Coronary patients, use of computers in treatment and care, 284
- Creative intelligence, 94
- Drug information reports, 57
- Drugs  
    clinical investigation of, 104  
    federal legislation and, 57  
    problems in the investigation of new narcotics, 172  
    reaction reporting (international biomedical vocabulary control), 193
- Editorial: Technical information center requirements in light of new federal legislation, 1
- Environmental health program, of General Foods, 41
- Epilepsy and law, 153
- Epileptics  
    driver's licenses granted to, 156  
    employment of, 159  
    eugenic laws concerning, 154  
Eugenic laws, and epileptics, 154
- Federal government and automation, 124
- Federal legislation, and drugs, 57
- Food  
    effect of additives, 9, 36  
    effect of residues, 2, 9
- industry, additive and residue regulations, 9  
problems of residues in, 17
- General Foods environmental health program, 41
- Health industry, regulations and communications in, 52
- Human welfare, securing benefits of science for, 77
- Imagination  
    progress and, 92  
    self-discipline and, 101  
    social stratification and, 92  
    teaching of, 100
- Industry and automation, 123
- Intoxication, problems in blood testing, 86
- Inventors, employed, their legal rights and obligations, in America, 243  
    in Europe, 233
- Labor and automation, 120
- Law  
    and science in atomic energy, 218  
    epilepsy and, 153  
    from lagu to eternity's eternity, 185  
    meeting ground with science in war: operations analysis in the USAAF, 163  
    on residues in food production, 17  
    osteopaths and, 67  
    podiatry and, 62
- Legislation, federal, and technical center requirements; editorial, 1
- Manpower development and training act of 1962, 124
